The State Administration Office

The technical supervision of the central contact point for asylum seekers (ZAST) in the state of Saxony-Anhalt and local foreigners authority of Saxony-Anhalt

SACHSEN-ANHALT

Landesverwaltungsamt

#moderndenken

- *Do you feel that you have been treated wrongly and unfairly by the ZASt or foreigner office?*
- *Do you feel that your rights have been hurt?*
- *Do you have experienced violence or discrimination at the living places?*
- *Do you need to complain about your assigned place?*

Please first contact social workers or other workers in the camp with your problem or use the complaint tools available there, such as the complaint letterbox.

If your problem cannot be solved on site or if you would rather turn to an external complaints office, then the State Administration Office is available to you.

We accept your tips, suggestions and complaints, also anonymously if necessary, and investigate them for you free of charge. There are no consequences for an active asylum procedure. You will receive a message from us at the end of the processing.
